Group 1 – Sprint Review Report

(Riku Kaartoaho, Monami Kirjavainen, Victoria Vavulina, Riku Toivanen)

What has been done

- Initialized project backlog and sprint backlogs in Jira
- Assigned first sprint tasks across all 4 team members
- Designed and wrote Project Vision & Project Plan documents for the project
- Designed initial Landing Page UI using Figma
- Designed initial database architecture

Future tasks

- Sprint 2 plan report
- Setting up Dockerfiles and CI/CD pipelines (in upcoming sprints)
- Implementation of the core foundation and features for the project (in upcoming sprints)

Obstacles faced

No major obstacles were faced during this sprint. We successfully collaborated in scrum meetings as a team and finished assigned tasks on time.
